Helping people to be happy and pain-free

The modern energetic healing modality that's changing lives

AcuEnergetics® is the revolutionary energetic healing modality set to become a household name. It is a clinically effective healing modality - as proven in thousands of clinical case studies - and is fast becoming renowned for its consistently successful treatments, often with instant and profound results.

Developed by an Australian, Kevin Farrow, AcuEnergetics® is fast, accurate and produces consistently positive results. The treatments are successful because they are based on a detailed understanding of the energetic physiology and anatomy of the body, involving how the energetic channels and centers work in the body. This understanding has been developed from more than 30 years of Kevin's experiential research, together with traditional knowledge from ancient texts by Chinese, Middle Eastern and Indian physicians.

AcuEnergetics® can effectively treat a wide range of physical, mental and emotional illnesses. It can be used alone or alongside traditional medical treatments. Some of the conditions AcuEnergetics® can treat include; chronic back and knee pain, sciatica, infertility, thyroid problems, headaches, chronic fatigue, depression, anxiety and panic attacks, insomnia, digestive problems, stress, trauma and many other problems. It has also proven to be a powerful adjunct to post-operative care.

AcuEnergetics® is safe, non-invasive and effective in treating children. It has also been successful in helping unborn babies turn into the correct birthing position, so that the mother is able to have a natural, drug-free birth.

In addition to treating specific problems, AcuEnergetics® also offers a range of Wellness Balances, including energetic liver flushing and lymphatic drainage. AcuEnergetics® Wellness Balances promote general well being and good health by increasing energy flow, reducing stress, improving circulation and strengthening the immune system.

Sydney physician and clinical hypnotherapist Dr Julie Kidd M.B., B.S. explains: *"As a doctor, I have always held the question – how can we relieve suffering and be happy and well? I've studied and practiced various forms of psychotherapy and studied modern research into the effects of the heart's electromagnetic field on the brain, one's own wellbeing, and on the electromagnetic fields of others. The AcuEnergetics® system gives the common ground of these ways of knowledge, a framework from which to find the answer to any health problem."*

How does it work? In short, AcuEnergetics® practitioners understand how energetic channels and centers work in the body. When these channels are blocked, specific illness, pain or symptoms appear and injuries take longer to heal. AcuEnergetics® practitioners work with chakras, Pranic fields, meridians and other energetic channels. Using their hands they feel blockages and imbalances in the energetic system and clear them using energetic techniques. Because practitioners understand the cause of the problem and how it occurs, the complaint is usually able to be alleviated relatively easily.

Plato probably best described the AcuEnergetics® philosophy in 382BC when he said: *'The cure of the part should not be attempted without treatment of the whole. No attempt should be made to cure the body without the soul and if the head and the body are to be healthy, you must begin by curing the mind. For this is the great error of our day in the treatment of the human body, that physicians first separate the soul from the body.'*

During an AcuEnergetics® treatment, the client remains fully clothed at all times. Depending on the complaint being treated, the AcuEnergetics® practitioner may treat with their hands on or off the client's body.

Client Testimonials

Back Pain

"I had been going to a chiropractor for 8 months on a weekly basis for my back injury caused by a car accident. I started getting worried that my back was never going to be the same and that I would have to live with the pain and find a less physical job. When my chiropractor told me about AcuEnergetics® I went home and made an appointment. Dubious and curious I turned up for my appointment with Dave Flakelar. After 2 sessions with Dave my back pain was 60% better. Not only that, but other ailments I had put up with for years started to disappear. By the end of my sessions (6) my back pain has totally gone and I have never felt better. The recommendation for AcuEnergetics® was the best advice I have ever gotten. I would like to thank Dave for everything he has done." K.W. Sydney

Infertility

"Dear Nicola, I am writing with the happy news that you expected to hear from me after your wonderful energy healing on me in May. The next month I conceived and I am now 3 1/2 months pregnant! I cannot believe it only took a 1 hour session to resolve! As you know, my husband and I were trying for almost 2 1/2 years, so this is quite a blessing. Thank you from the bottom of my heart for flying in to my life for a couple of short hours, like an angel, and so generously sharing your amazing healing gift with me. You will always have a very special place in my heart. With gratitude, Kaia Roman, Lennox Head."

Post-operative treatment after Breast Cancer

The day I was told I had breast cancer I had the fortune to be introduced to Kevin Farrow (AcuEnergetics® founder and practitioner). I walked in distraught and scared, not sure how I would cope. I walked out calm, grounded and ready to face the emotional challenge of accepting the situation and deciding what to do about it. That was the beginning of an amazing journey with Kevin.

Post operations, Kevin worked on pain management and the removal of fluid and congestion, as well as my mental state! I could not believe the emotional and physical relief I felt after each visit. After 6 weeks of treatment with Kevin, the surgeon commented that I had movement most women took 9 months to regain!

The following few months were spent dealing with chemotherapy. With Kevin's help, I recovered quickly from each dose. I continued seeing him through radiotherapy, constantly improving. After 5 weeks of bouncing in for my daily dose of radiotherapy, I commented to hospital staff that I was feeling a little tired. They laughed. I was unaware that the majority of people in my situation are overwhelmed by exhaustion after week one!

A year has passed since finishing treatment and I continue to feel terrific and positive. To this day I feel blessed to have fallen into the wonderful, healing hands of Kevin Farrow. Thank you Kevin ... With my darling Andrew, and my gorgeous children, you have accelerated my physical and emotional healing and reminded me what it feels like to love life! A.W. Sydney
